

**ENN CHANGES:
EFFECTIVE OCT. 8**

WHAT'S NEW?

Doing 2 live shows a day was difficult for us all and did not leave time for us to create compelling stories. After speaking with Mr. Hatch and Dr. Burdett, the leadership team of ENN has made the decision to move the ENN live show to 12:45-12:53. This new slot will allow for more time to plan and execute a show that engages the students instead of doing a show with the same run of show/rundown each day.

LIVE SHOW

- 12:45-12:53
- Live everyday
- 1 set of anchors
- Different Run of Show everyday
- Addition of pop culture segment “Talon Talk”
- Weather (30 sec.)- Current conditions and 3 Day Forecast
- GAMETIME (120 seconds)- Local and national sports
- Reports (60 sec.)
- Features (90 sec.)

TIMING

- It is important that the show is 8 minutes so it does not cut into students study time per Dr. Burdett's request
- A new study hour (Eagle Time) starts on Tuesday and all students will remain in their 3rd or 7th period classes (except students drafted and Senior Release)

WHAT ABOUT 10:00-12:15?

- EVERYONE (Anchors not on air, Tech, random people, etc.) will be making packages until we begin run throughs at 12:15.
- Other options is a 30 second PSA. Nobody will be in control room or studio until run throughs
- All packages will be assigned close to 2 weeks in advance.
